

CMMC Training Series

Changes and New Rule Requirements Webinar

February 29, 2024
10:00 – 11:30 a.m.

FEATURING KEVIN SLONKA, CTC CYBER SECURITY LEAD

- *When do you have to comply for CMMC?*
- *Where and how do you start?*
- *What do you need to do/what should you be doing today?*

Join us for the first of three training sessions concerning Cybersecurity Maturity Model Certification (CMMC) rules and compliance. The first webinar in the series will focus on CMMC changes and the new rule being published. At the end of the presentation there will be time for Q&A.

The second webinar is slated for March 28, 2024, and the in-person event will be on April 25, 2024, site TBD. Each session will build on information shared in previous sessions. We will keep you updated on schedule times.

About our speaker

Kevin Slonka, Principal IT Security Consultant at CTC, leads CTC's cyber security consulting with Pennsylvania small/medium businesses and is also the Information Systems Security Manager (ISSM) for one of their three-letter-agency contracts. Kevin is also a Computer Science and Cyber Security professor at Saint Francis University.
